Mrs. E. Manley
Dear Mrs. Manley:-

Recieved your order for Durham, N.C. of April 6th. The posters will be shipped Tuesday afternoon and should arrive in Durham either Wednesday or Thursday which will give you at least 12 days advertising.

I'm sorry I did not have Barbee's cut, in fact, Mrs. Manley no club that had Barbee before ever made a cut of him. Guess you have to be a topnotcher before a player has a cut made. So you go right ahead and make a STAR PITCHER out of him this season. I used "Biz" Mackey on the card. Would you be kind enough to send me a tentative line-up so I can guide myself on cuts to be used regarding your team.

The bill for 200 posters at Durham is \$9.00. I am using the spring training size, 14 x 22. In writing you in my last letter I quoted you an additional 50 cents a hundred. But it's only 25 cents a hundred. Last season you were charged \$8.50 for 200 posters, so you can see their hasn't been much increase on the smaller cards. Well, Mrs. Manley, things look very bright for this coming season, so let's hope for the best. With sincerest regards to you and your husband, Abe, I am

Very truly yours

Mike Iannarella

P.S. - Gee, I nearly forgot to send my good wishes to Miss Jacobs. Say "Hello" for me.

You didn't state whether you wanted advertising passes for the job. If you want them drop me a line telling me what you want to charge with the pass. I can knock them out right away for you, if necessary.
